Ginnings Set Upped Pace

Government Report Shows 24,107
Bales Ginned Prior to November
1 to Top Last Year's Report

Census report from the Department of Commerce, Bureau of the Census, reveals that 24,107 bales of cotton were ginned in Jones County prior to November 1 from the 1945 crop, Bowen Pope, special agent, states.

Ginnings for 1945 to date compare brightly with 20,080 bales from the 1944 cotton crop ginned previous to November 1.

Jones County cotton ginnings for 1944 totaled 39,932 bales.

The county produces, according to the Texas Almanac, from 50,000 to 80,000 bales of cotton.

In a report on cotton ginnings, the Department of Commerce reveals that Texas has ginned 831,129 bales prior to October 18, counting round at half bales and excluding linters.

In 1944 Texas, previous to October 18, had ginned 1,128,140 bales and in 1943 crop ginnings to the same date were 1,816,555 bales.

The cotton crop for the South as a whole is said to be the smallest since 1886.

The 1945 cotton crop in Jones County is reported to have withstood summer heat exceptionally well, and insect damage was not as heavy as in some adjoining counties.

Jones has been a leader among counties in this area in cotton production, and it has not been long since it looked like the county would turn to cotton, with production around 100,000 bales.

RETURNING HAMLIN HUNTERS BRINGING TALES AND DEER

Hamlin and Jones County deer hunters are returning from the game country of the Southwest with not only plenty of good stories, but proof in the form of deer killed, of successful hunts.

Monroe Tabb and Paul Balkom, for example, got back last Thursday from Mountain Air, New Mexico, with two fine bucks.

W. L. Boyd, his son, Wright Boyd of Lamesa, H. W. Beckham of Trent and W. J. Beckham of Lamesa are back from New Mexico with a seven-point black tail buck to their credit.

Mr. Boyd and his party say they saw plenty of does, but two members of the group did not a single buck. The group returned last Thursday. Much of their hunting was around Carrizo, New Mexico.

Stanley and Art Carmichael, Ted and Jack Russell and E. J. Whaley left last Wednesday for the deer country around Mason. The group plans to return this week-end.

In South Texas this week after deer are Frank and Jerry Waggoner.

Bob Barrow left last Thursday for deer country, and went by San Angelo to pick up two former long-time Hamlin residents, W. A. Kirkland and Q. Martin. Mr. Barrow is expected home this week-end.

Deer being killed this season are reported in prime condition, and a considerable amount of the venison is going into frozen food lockers.

Where deer have been deleted of interior organs and have bled well, hunters report that the meat is still in fine condition after being brought back here for food lockers and home consumption.

Don Loving Foreman At Martin Ranch Now

Don Loving of Foard County is the new foreman on the Martin Ranch northwest of Hamlin.

Mr. and Mrs. Loving have already moved to the Martin Ranch, and have with them their son, Don Loving Jr., recently returned from the European Theater of Operations.

Young Loving served with the Ninth Division, and holds the Bronze Star, Purple Heart and two unit citations.

THEY'VE WALKED TOGETHER 50 YEARS

Hand in hand for 50 happy years of married life is a golden memory for Mr. and Mrs. W. F. Johnson of Hamlin, who Wednesday observed their golden wedding anniversary. Mr. and Mrs. Johnson have made their

home in Hamlin since 1926. Open house was held Wednesday evening for the couple at the home of Mrs. J. W. Ezell. Before moving here, the couple resided at Pawnee, Oklahoma, for nine years.

MR. AND MRS. W. F. JOHNSON CELEBRATE HAPPY GOLDEN WEDDING ANNIVERSARY

Through sunshine and shadow, summer heat and the snows of winter, life has been one grand experience after another for Mr. and Mrs. W. F. Johnson of Hamlin, who Wednesday observed their golden wedding anniversary.

Mr. and Mrs. Johnson were married November 21, 1895, at Midway, Alabama. Mrs. Johnson was a Miss Pruden before her marriage.

The Hamlin couple moved here in 1926 from Pawnee, Oklahoma, where they had lived nine years. Mr. Johnson was in the jewelry business at Pawnee.

After moving here, Mr. Johnson was engaged in the jewelry and drug business, which he operated until 1931 when he sold out.

The Hamlin couple have educated their six children and put them through college. Two of their sons are doctors, and both finished Baylor School of Medicine in 1940.

In fact, the story of the two doctor sons is an interesting one. There is a difference of 13 years in the age of Dr. Robert Johnson and Dr. Frank Johnson. Frank was a pharmacist, but after Robert started to medical school Frank decided to be right by his warm side and consequently both are now well known physicians.

W. L. Boyd, his son, Wright Boyd of Lamesa, H. W. Beckham of Trent and W. J. Beckham of Lamesa are back from New Mexico with a seven-point black tail buck to their credit.

Mr. Boyd and his party say they saw plenty of does, but two members of the group did not a single buck. The group returned last Thursday. Much of their hunting was around Carrizo, New Mexico.

Stanley and Art Carmichael, Ted and Jack Russell and E. J. Whaley left last Wednesday for the deer country around Mason. The group plans to return this week-end.

Hamlin Still Shy on Bonds

Only \$29,137.50 in Series E Bonds
Purchased Against Total Quota
of \$145,200 in Victory Drive

With an over-all Victory War Loan quota of \$145,200, Hamlin had as of this week made a considerable dent in the VWL goal.

Against a Series E war bond quota Hamlin has raised \$29,137.50 to date. In the other series war bonds Hamlin has been assigned goal of \$69,300 and raised \$38,600.

Victory War Loan drive officials point out the need of more "push" in purchasing war bonds, since the campaign will officially close in early December.

Hamlin and Jones County people, like other counties, have boys stranded in the Pacific and other places of the European Theater of Operations. Uncle Sam has said repeatedly that he needs funds with which to bring the boys home.

With an over-all Victory War Loan quota of \$660,000, Jones County has been assigned goal of \$345,000 in Series E war bonds.

Attention of Jones County people is directed to the bond rally November 30 at Boyd Chapel, details of which are carried in a separate article in today's Herald.

LEGION POST WILL DELIVER CHRISTMAS GIFTS TO HOSPITALS

Preliminary plans were made at meeting of the Keiffer Patterson Post of the American Legion Monday evening for collection of Christmas gifts for servicemen and women in the hospitals of the world. The session was held in the Legion Hall in the city hall. Joe Culbertson, post commander, presided.

Suitable Christmas gifts for the wounded and ill service personnel will be collected at various business houses in Hamlin, it was planned. Collections are scheduled to be completed before December 10, when shipments will be made to key hospital points.

A committee of legionnaires composed of Roy Flowers, Oscar Williams, Brad Roland and Weldon Hudson was appointed by Culbertson to complete the arrangements.

Such articles as books, toiletries, games, smokes, stationery, writing equipment and trinkets are desirable, Legion officials explain. Receptacles for receiving the gifts will be placed in the stores within a few days. The items will be sorted and packed in appropriate gift boxes before the shipping date on December 10.

Mr. and Mrs. John R. Heslep and daughter, Shelia LaRue, of Dallas, Mrs. Mattie Ann Colleman and Virginia Thomas of Amarillo were ex-pected to arrive Wednesday to visit through the Thanksgiving holiday week-end with Mrs. Dan Stephens and family.

WITH OWNER GONE, COTTON PULLED AND LAND PLOWED UP BY VISITORS

The reporter for this item of news was in Abilene last Saturday, out at the Hendricks Memorial Hospital for a short while, and there we met M. H. Castleberry, an esteemed farmer of the Neinda community.

Mr. Castleberry related several interesting things that had concerned him the past more than 30 days. First, his wife has been ill for about three years. Several weeks ago she fell and injured her hips and has had to have constant care in the hospital ever since. This has kept her husband with her all this time.

Moisture received in the early days of the fall season is said to be ample to carry small grains along for several months yet.

On Thursday of last week Mr. Castleberry went back home . . . and lo and behold somebody had gone into his cotton field and picked 12 bales of cotton, carried it away, had

it ginned, and besides all this, had plowed up about 40 acres of his farm and sown it to a beautiful stand of wheat.

Not only was seed wheat deposited in the ground for him, but all the money from those 12 bales of cotton was safely deposited to his credit in the bank.

Mr. Castleberry says: "That's the kind of people in my community."

So this is another of the same kind of sympathy and cooperation that prevails in our communities about Hamlin. A little sympathy and aid from one's neighbors in time of trouble and sorrow go a long way in one's life. Who is it that can be grateful enough in such cases?

We are glad to learn that Mrs. Castleberry is improving.

CITED FOR SERVICE

Recently promoted to rank of staff sergeant, Rufie S. Neal, son of Mr. and Mrs. Glen J. Neal of Flat Top, with the U. S. Marine Corps, as a Navy mail clerk with the Fourth Marine Division, has been cited for exceptional service during the invasion of Iwo Jima Island.

MEMORIAL SERVICE FOR MARVIN MORRIS TO BE HELD SUNDAY

Memorial services for Corporal Marvin D. Morris, who died October 31, 1942, in a Japanese prison camp of dysentery, will be held Sunday afternoon, 3:00 o'clock, at the Hamlin Church of Christ.

Bro. Mardelle Lynch, minister of the church, will be in general charge of the services, with Rev. J. T. Crawford, pastor of the Church of the Nazarene, assisting. Members of the Keiffer Patterson Post of the American Legion will have an active part in the ceremonies.

W. L. Fletcher, chairman of the arrangements committee, announces that tentative plans call for appearance of a male quartet from Abilene Christian College, under sponsorship of Mrs. Harold Fletcher.

The public is invited to attend the services.

Corporal Morris, who served early in the war with the U. S. Marine Corps, was the son of Beulie Morris of Hamlin. He died of dysentery in Cabantuan Japanese prison camp on October 31, 1942, according to word received last week by the father from the War Department.

Marvin enlisted in the Marine Corps four years ago, and was sent overseas before war was declared.

Members of Mrs. Robertson's Sunday School class here, of which Mrs. Joe A. Simpson was teacher, were flower bearers.

Mrs. Robertson is survived by the husband, J. C. Robertson, and five-month-old daughter, Jane, of Carlsbad, New Mexico; the parents, Mr. and Mrs. R. L. Milstead of Boyd Chapel; and a sister, Lola Milstaed, employed in the USO Center at Camp Bowie, Brownwood.

Local funeral arrangements directed by Barrow Funeral Home, and Mrs. Robertson was laid to rest in Neinda Cemetery.

Mrs. J. C. Robertson Dies in Hobbs Home When Explosion Makes Dwelling Mass of Flames

Mrs. J. C. Robertson, 36-year-old daughter of Mr. and Mrs. R. L. Milstead of Boyd Chapel, and a native of Jones County, met a tragic death Sunday afternoon, 1:00 o'clock, at Hobbs, New Mexico, when she was burned to death.

According to accounts received by The Herald, Mrs. Robertson had bathed their five-month-old daughter, Jane, and told Mr. Robertson to take the tot riding for a few minutes while she took a bath.

In a few minutes after Mrs. Robertson entered the bath room, a violent explosion occurred and in a very brief space the Robertson home was burned to the ground. The charred body of Mrs. Robertson was found in what had been the bath room.

Mrs. Robertson was born Viva Milstead July 22, 1909, here in Jones County. Her parents are old-time residents of the county and are widely known in this area.

Mrs. Robertson taught English in Hamlin High School three years. She worked for J. Edgar Hoover, Federal Bureau of Investigation, Washington, D. C., until two years ago, when she was married in Washington State to Mr. Robertson.

The couple had just recently finished construction of a new home in Hobbs, New Mexico, where they planned to live.

Funeral services for Mrs. Robertson were held Tuesday afternoon, 3:00 o'clock, at the Hamlin First Baptist Church.

Rev. Henry E. Littleton, her former pastor, of Abilene, assisted by Rev. C. E. Dick of McCaulley, officiated.

Members of Mrs. Robertson's Sunday School class here, of which Mrs. Joe A. Simpson was teacher, were flower bearers.

Mrs. Robertson is survived by the husband, J. C. Robertson, and five-month-old daughter, Jane, of Carlsbad, New Mexico; the parents, Mr. and Mrs. R. L. Milstead of Boyd Chapel; and a sister, Lola Milstaed, employed in the USO Center at Camp Bowie, Brownwood.

Local funeral arrangements directed by Barrow Funeral Home, and Mrs. Robertson was laid to rest in Neinda Cemetery.

THANKSGIVING FOR HAMLIN'S BUSINESS SECTION IS QUIET

Hamlin was under lock and key Thursday—with the exception of cafes and filling stations—as the city observed its first peace-time Thanksgiving in four years.

Hamlin people spent the day quietly visiting friends and in some instances with Hamlin's returning G. I.'s.

Thanksgiving Day this year held unusual significance in view of World War II closing and pastors of this area calling upon civilians to rededicate their lives anew to the principles of a living Christ.

At least one Hamlin couple, Mr. and Mrs. W. F. Johnson in celebrating their golden wedding anniversary, consolidated Wednesday and Thursday their Thanksgiving and Christmas for a family reunion.

Wise Chapel Sells Part Of Bonds at Pie Supper

A bond rally was held at the Wise Chapel school house Friday night. After several bonds were sold, pie and coffee were served.

Quota of Victory Bonds for this community is \$6,000, and only a small number have been purchased. Anyone who is interested in buying bonds may see Mrs. Earl Brown or E. Kirksey or might purchase them at the bank, where credit will be given this community on its quota.

CENTRAL HEAT for the COTTAGE

When heating is planned as part of house and installed when it is built or remodeled the most luxurious, healthful automatic natural gas heat can be had for so little more.

For instance, the closet-type furnace. Installed in equipment room or closet this compact unit provides a winter air-conditioning system which warms, humidifies, filters the air and circulates it through the house. The warm air it circulates is mixed with an ample amount of fresh air from the outside to eliminate staleness and odors. A simple thermostat, adjustable at a touch, provides exactly the temperature desired.

Since such a heating system is installed as part of house it is financed as part of total house cost. So its modest initial cost spread out over a period of years will hardly be noticed in monthly house payments. When considered from standpoint of health and redecorating savings such a system probably will prove cheaper in long run.

Important

The time to decide on house heating is during planning stage of home. Make sure the plans and specifications include FLUES for VENTING the new gas heating equipment. Only when equipment is vented are wall sweating and stuffy air eliminated.

Winifred Joiner Back From Dark Bataan Days

First Sergeant Winifred Joiner, son of Mrs. A. S. Joiner of Hamlin, recently arrived at Seattle, Washington, with 1,000 of the happiest Yanks to hit that port in many months.

Joiner and his buddies were RAMPS (Repatriated American Military Personnel) who held the Nips at Bataan and Corregidor while America built its naval might—and then suffered the indignities of Japanese prison camps for over three years.

The Dutch steamer, Fontaine, that brought Joiner and his buddies home, left Amsterdam for South Africa in 1939, but, caught in the turmoil of war, has not seen her home port since that time.

Let's Pave Streets in Hamlin

Street paving, now that the war is over, should have a top billing in plans of Hamlin and other West Texas towns, and is a progressive civic step that always makes for a better and growing city.

In a number of West Texas towns curb and gutter, before the war, was run for as low as 30 cents per running foot, and with a nominal investment by the city, paving has been constructed at exceptionally reasonable figures. Naturally, cost of paving has increased since the war, but if it were \$1 per foot for curb and gutter the owner of a 50-foot lot would be out only \$50 for curb and gutter.

Hamlin needs as a post-war project a scientific survey of paving needs, and with master plan to care for proper drainage, the town can be ready to take advantage of future opportunities. There will doubtless be an agency like the old WPA before the war, and communities "ready to roll" on paving and other worthy projects will naturally be the first to share in the federal works programs.

Hamlin's Friendliness Is Precious

We have seldom been in any city in Texas, or anywhere else, where people are as friendly, as spiritually uplifting and as considerate as they are in Hamlin. The new Herald publisher is deeply impressed by Hamlin's friendliness, which is indeed a precious asset.

Somehow, we West Texas people are never satisfied anywhere outside of West Texas. We have something of the old time hospitality here in Hamlin the North and East would never recapture, and we should thank our pioneer citizens for instilling in the present generation so gracious an attribute of refinement.

We certainly cherish the friendship of all in publishing The Herald, and your wishes for our success cause us to pledge you our very best efforts in making "Your Home County Paper" one second to none in this area.

Returning GI's Start Living Again

Our returning G. I.'s are beginning to live again, and if we are real Americans (which, by the way, we are), we will lend our discharged service men ever help they need in becoming readjusted to civilian life.

Our returning veterans are going to need help in getting back in business, back on the farm and ranch. Many of them, unfortunately, will need to remain in government hospitals for weeks and months.

If every town were like Hamlin, we would have no problem to speak of with returning service men. Here we welcome our boys back home with open arms, and will continue to help in getting the boys back in civilian business and industry.

As good citizens, we will need, too, to see that not a single G. I. is swindled out of his hard-earned funds—given for service to his country—and we need to make ourselves available when counsel and guidance are needed to put the G. I. back in normal civilian channels again.

Those Bonds Must Be Bought

With the fine start Hamlin and Jones County have on their Victory War Loan quota, we really need plenty of "push" at this crucial hour to put the county "over the top."

Now that the shooting phase of the World War II has ended, we need to buy war bonds more than ever before.

We have thousands of boys in the Pacific and European Theater of Operations who must have transportation money home, and who, after debarkation, will need mustering out pay and their just benefits under the G. I. Bill of Rights.

Uncle Sam has been telling us that he needed more money to finance soldier rehabilitation work, and certainly we should not begrudge a single G. I. his meager allotment funds. Money with Uncle Sam does not grow on bushes, and since the boys have gone over and given their best for us we must not break faith now with both kinds of war casualties—the sleeping dead and the living.

We need not hesitate any further in buying war bonds. We have a definite job to do, and as good citizens and red-blooded Americans we need to get out our check books and put Hamlin and Jones County on the "over the top" honor roll.

What Contemporaries Are Saying

PREVENT TOMORROW'S FIRES TODAY

The next few years will constitute an unparalleled opportunity to correct some of the reasons for America's annual four to five hundred million dollar fire loss. Hundreds of thousands of new homes will be built and countless thousands of old homes will be renovated. The same will be true of industrial establishments. In the process, many fire hazards can be eliminated cheaply and permanently.

The president of the National Board of Fire Underwriters, in urging such action, says: "Spending time and money to eliminate all kinds of hazards not only results in improved appearance and greater comfort, but is also true economy. If the furnace is put in first class condition, it will deliver more heat while burning less fuel, in addition to being safer. If the building has been painted, its rate of depreciation will be slower and it will be more fire resistive. Insulation in the walls will conserve fuel and likewise in case of fire, check the spread of flames through the formerly hollow wall spaces. A new roof preserves the entire building and lessens the hazard of fire from flying sparks."

Even if certain fire preventive measures do involve added cost, they are worthwhile. They may not only save an investment of thousands of dollars, but human life as well.

Anyone who spends money on construction or rehabilitation and ignores the elimination of every possible fire hazard is indeed penny wise and pound foolish.—The Munday Times.

Couington is one of over 1,000 high-point Navy veterans whom the "Magic Carpet" is bringing back to the States aboard the U. S. S. Doyen.

The U. S. S. Doyen—one of more than 250 carriers, battleships, cruisers and attack transports in the Navy's famed "Magic Carpet" fleet—left Pearl Harbor Sunday, November 11, and was scheduled to arrive in San Francisco about Friday, November 16.

Passengers were slated to go directly to the separation centers nearest their homes to complete the formalities of obtaining their discharges before returning to civilian life.

Legion and Auxiliary To Pack Soldier Gifts

A large crowd was present at the joint meeting of the American Legion and the Legion Auxiliary on Monday evening. Both the Post and Auxiliary were glad to have several new members join the organizations.

During the business meeting the group voted to sponsor the "Christmas Gifts to the Yanks Who Gave" program. Everyone who wishes may leave a wrapped gift in a box available in the Bryant-Link Company store and other business houses designated later. Be sure and have your package ready by December 10.

These gifts will be mailed or taken to the McCloskey General Hospital at Temple, where each wounded veteran will receive a gift. Put your name inside and label the package as to its contents on the outside. Your help in this program will be highly appreciated by the Legion and by the disabled veterans.—Reporter.

RUFIE NEAL EARN'S COMMENDATION IN HANDLING OF MAIL

Because he performed an extraordinary job under exceptionally trying circumstances, Sergeant Rufie S. Neal, son of Mr. and Mrs. Glen J. Neal of Flat Top, has received promotion to rank of staff sergeant with the Fourth U. S. Marine Division.

Commendation for Neal follows:

"For excellent performance in the line of his duty as Navy mail clerk on a Regimental Combat Team during the invasion and capture of Iwo Jima, Volcano Islands, from February 19 to March 16, 1945.

"Although Sergeant Neal had little experience in the field and confronted with the difficulties of instituting mail service to a combat team in action, he adapted himself to the task which confronted him in a creditable manner.

"Working long hours and displaying initiative is his duties, he personally contributed to the morale of his organization in providing incoming and outgoing mail service throughout the operation and in the weeks preceding and following the actual engagement. His devotion to duty contributed materially to the annihilation of the enemy."

Neal and his buddies also hold the Presidential Unit Citation for outstanding performance during seizure of Saipan and Tinian in the Marianas from June 15 to August 1.

PIED PIPERS LOSE FINAL GRID TILT TO ANSON CHAMPIONS

In the final conference game of the season, played at Anson Saturday evening, Anson High School's Tigers nosed out the Pied Pipers, 31 to 19.

Anson completed their District 11-A season with a perfect record, but before doing so they had plenty of uneasy moments.

Coach Red Howard's inspired Pied Pipers forced the champions to come from behind three times before sacking a hard earned 31 to 19 decision.

The Pipers gave their initial threat of the game when they scored once in the first quarter and twice in the second to lead by a 19 to 13 tally at half-time, despite brilliant touchdown runs by Troy Rogers and Floyd Sampson.

Rogers added two touchdowns and Sampson one as Anson took complete charge in the last half of the conference tilt.

Dean, on a 60-yard runback of pass interception, and Roland, who plunged across twice from a short distance, accounted for the Pied Pipers' point making.

The Hamlin-Anson clash provided sports fans with football at its best for high school teams, and gave fans some exciting moments when the game outcome was anybody's guess.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

POT-SHOTS FROM McCARLLEY

BY GEO DARDEN

Say, folks, last week's Herald was a knock-out. We gotta notion that the new owners and editors know the newspaper business from A to Z. We heard just a lot of comment pertaining to last week's Herald—and all the gossip was good. Some of these days we are going to put on our red necktie and other shirt and go up to Hamlin and meet the new editor and staff. We gotta feeling the folks are going to like the new Herald, and we imagine the new owners are going to like the folks in this neck of the woods.

Got a telephone call from Hamlin the other day and the voice on the other end of the line said: "The Fot-Shot man and wife have a big package at Bryant-Link's the first time you are in town." Naturally, we cranked up the old Buick, which is older than most of our offspring, and sped to Hamlin, and sure enough Mr. and Mrs. Bowen Pope had purchased for us a great big box just full of Pyrex ovenware. They are such nice folks. Old Santa Claus comes early sometimes!

Thanks to O. T. Hennington for a year's subscription to the new Herald.

Mr. and Mrs. Rufus Herbst have returned to their home in McCaulley after a week's tour in the South Texas Valley.

A stranger walked up the other day and introduced himself to Rufus Herbst and this scribe. He was the new Methodist pastor, Bro. Richardson, and we already like the fellow.

Bennie Ray Jones, who is one of Uncle Sam's Army, was home last week on a 15-day leave from a camp near Chicago. "Well fed" looking, too.

You will notice in seven surrounding counties The Herald is still \$1.50 per year, so when mailing your subscription to this scribe and you live in another state, as many do, be sure and send money order for \$2 for a year's subscription.

Home from the war and with honorable discharge is Fred Kemp, son of Mr. and Mr. B. F. Kemp. Fred has made many tracks in far-away lands.

Leo Parker, who recently was discharged from the Army, was visiting friends and relatives in this community last week. Leo served for many months overseas as an M. P.

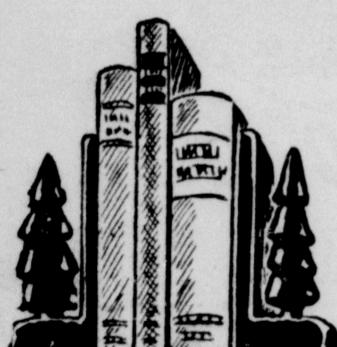

Terrill Hendon of Uncle Sam's Navy is home on leave for about 20 days. He is the son of Mrs. Lee Hendon, who has four sons and one son-in-law in the armed forces.

Cotton in this community is about 85 per cent out. Farmers are plowing, and young wheat looks like a picture.

O. R. Burnham, one of our big stock farmers who raises registered Hereford cattle and a lot of wheat and oats, is feeding his cattle whole oats and says the cattle do good on straight oats.

This scribe has promoted a new horse. That makes two to stand in the lot and feed. One old sister thinks we are "nuts" for keeping "hay burners" in town just to ride and look at—maybe so, but it's at our expense. Might sell one to the right kind of folks. One is a black-and-white and the other a golden yellow.

Mr. and Mrs. W. E. (Bill) Maberry of Lamesa was in McCaulley several days ago visiting his mother, Mrs. Dan Maberry.

Harry Truman) believes he is what we call a "down-to-earth" president, a man who wishes to be square with his fellow man; fair to labor as well as capital, and a leader of no mean ability.

The Fort Worth delegation, who styled themselves as the "good Baptists," were a way out of line when they made the charges against the president.

We read where one religious cult in Tennessee permit rattlesnakes to bite them to prove their faith. One of their preachers kicked the bucket after a snake had nipped him. Sometimes we think there are some Baptists about as "goofy." If we get turned out of the church because of this column, maybe we can join up with the rattlesnake cult in Tennessee.—A-Darden-O-Gram.

COMMENT NO. 1

The sentiment expressed by Baptists at Fort Worth in regard to the president does not represent the attitude of all Texas Baptists. Thanks be. It is a funny thing, in fact a deplorable thing, when a church delegation meets and some "bird" who wants his name in the headlines or else is an old sorehead and fanatic gets up and lambasts the president of the United States because they read in the press where the president drank a toast with or to some foreign diplomat. They read, too, that the president once upon a time played some penny-ante poker and so the story goes some so-called "good Baptist" jumps to his feet amid the shouts and roar of the delegation and calls the president a whiskey drinking, poker playing evil old man or words to that effect.

This column (and the "guy" that scribbles same) is 100 per cent for
